If teams are tied during the regular season, final standings will be decided in the following manner:
-If two teams tie for a position in the standings whichever team defeated the other during the regular season will then receive the higher position in the standings.
- If all three teams have identical win/loss records against each other, the team who allowed the fewest points scored against them in the games with the other teams tied with them will take the higher position.

If teams records are tied at the end of the regular season, final seedings will be decided in the following manner:
- If two teams records are tied in the standings, whichever team defeated the other during the regular season will then receive the higher position in the tournament seedings.
- If two teams that play in different leagues are tied in the standings, then a total runs formula will be used.
- If two or more teams are tied in the standings, then a total runs formula will be used.
